ABOUT US

El Centro Del Inmigrante / The Staten Island Immigrant Center is a community organization and worker center that was founded in 1997 on Staten Island, New York.

Our goal is to help those who have migrated here create a better future. Located in Port Richmond, Staten Island, we offer convenient access to many resources and, most importantly, a friendly environment where workers and their families can make connections with the community.

The heart of El Centro Del Inmigrante's mission is to connect our members with their community. We help them find work that best suits their skills. In return, they can better support themselves and their families.

Here at El Centro, every immigrant feels safe and at home because, as a community organization, our goal is to promote the well-being and economic advancement of immigrant workers.

We hope to achieve our goals through our special programs and services tailored to the needs of our members, such as education, access to work, empowerment and leadership development, among many other services.

El Centro Del Inmigrante’s office is located at 260 Port Richmond Ave, in Staten Island, New York.
El Centro: Community Job Center
El Centro del Inmigrante provides community members the opportunity to seek employment. We have established ourselves as a confidential and trusted community job center. We offer workforce development to continuously build the skills and expertise that our member workers have to offer. We ensure that we hold the highest regard for our member workers while also ensuring the utmost level of trust with partner employers.
